11608 Baby Walker Whale

Let's go exploring with the whale! This wooden whale baby walker which was nominated for a 2020 ToyAward offers novice walkers play and learning fun on five playable sides. The sea and its residents are a central design element - and with it, in addition to training motor skills, it also allows the whale's habitat to be explored during shape-fitting, pressing and flipping! Fish can help with counting, and a compass imparts knowledge about cardinal directions and seasons. The young ones are safe and quiet while moving around on the rubber-finished wheels. There's space for shape-fitting elements and toys under the openable top cover with anti-clamping protection! The braking system allows the walker to be pushed across the floor in a controlled manner. With integrated axle.

Approx. 42 x 39 x 42 cm; Grip height approx. 41 cm

- Openable lid with anti-clamping protection
- Integrated braking system for controlled pushing
- Rubber-finished wheels for quiet, safe rolling
- Difficult to tip over with an integrated axle for stability
- A turnable compass trains comprehension of cardinal directions and seasons
- A chalkboard you can draw on
- Moving play elements for shape-fitting, pressing, and flipping for training (fine) motor skills
- Lots of storage space for toys

TIP

CATEGORY CHAMPION

11607 Walker "Elephant"

This elephant baby walker made of wood offers multifunctional play and learn fun on $5\,$ sides. The rainbow and its colours are a central design element. When inserting shapes, pushing it and turning over elements, novice walkers will train their motor skills and learn colours, shapes and numbers. The rubber-finished wheels allow children to be safely and quietly on the move. Under the openable lid with clamping protection, a child's favourite toys can find space next to the shape-fitting pieces. The integrated axle makes the baby walker robust and smooth-running. The braking system ensures that no accidents happen while finding one's feet.

- Openable lid with anti-clamping protection
- Integrated braking system for controlled pushing
- Rubber-finished wheels for quiet, safe rolling
- Difficult to tip over with an integrated axle for stability
- Folding triangles for learning colours
- A chalkboard you can draw on
- Moving play elements for shape-fitting, pressing, and flipping for training fine motor skills
- Lots of storage space for toys

Toucan Baby Walker

What a beautiful bird! This extraordinary baby walker in a toucan look offers a full serving of playing and learning fun on three playable sides while they make their first steps with their exotic walking friend. With a horn, a shapefitting game, a sliding maze, gears and butterfly valves, it also trains fine motor skills. The beak as well as the bottom shelf offers plenty of space for wooden building blocks that look like plumage, insertable elements, or other toys. And here's the absolute highlight: the waddling feet on the front wheels make a funny sound when the walker is pushed! Thanks to the rubber-finished wheels, children are particularly safe and quiet when on-the-go. approx. 35 x 32 x 49 cm, handle height 45 cm

1 baby walker, 3 building blocks

- Additional play possibilities with wooden building blocks, a shape-fitting game, a horn, butterfly valves, a labyrinth and gears
- The "waddle feet" make funny sounds when rolling
- Beak and bottom shelf are practical storage
- Storage basket (beak) is made of easy-care, easyto-clean kite fabric
- Highly visible wood material

Flowery Meadow Baby Walker

Active on all levels! This stable baby walker provides everything that young explorers need for discovering their world with all senses.

approx. 34 x 32 x 48 cm, handle height 46 cm

1 baby walker, 3 plug-in elements

At a glance

- Diverse play and learning possibilities on three playable sides
- Supports a child's first steps as a walking trainer
- Rubber-finished wheels for quiet, safe rolling
- Child-friendly design with cute illustrations
- The xylophone with five tone bars train auditory perception
- The learning clock on the side imparts a first understanding of how to tell time
- Moving play elements for inserting, sliding, and flipping which train fine motor skills
- All kinds of storage space for toys on the rear side

10745 Vivid Colours Baby Walker

Playfully learn to walk! That's child's play with this wooden baby walker with loads of brightly coloured details! This stable multitalented toy on quiet wheels has so much to discover on board!

approx. $33 \times 29 \times 47 \text{ cm}$, handle height 45 cm

Training Walker Building Blocks

Two in one: With this cute trolley young adventurers are always well-supported. It helps them learn to walk and at the same time it can be used to transport the 29 coloured bricks. approx. $37 \times 28 \times 39$ cm, handle height 39 cm

1 baby walker, 29 building blocks

4236

Training Walker Building Bricks

The practical walker for baby's first steps with its robust bricks is also great fun! The smoothly 51 sanded wooden building bricks have geometric shapes and train both motor skills as well as colour and form recognition. The brake system at the rear tyres prevents unwanted rolling away and can be loosened at will, so that the little ones can gradually go full throttle.

approx. $40 \times 30 \times 48$ cm, grip height 48 cm

12m+

1 baby walker, 51 building blocks

Crocodile Baby Walker

With this baby walker in an exotic crocodile look, young, aspiring crocodile trainers are both fast and safe when on-the-go, thanks to the rubber-finished wheels and the braking system. In his luggage, this cute alligator has 24 different green building blocks that look like crocodile scales with which this push-along walker offers a full serving of playing and learning fun in addition to a haptic experience. approx. $42 \times 34 \times 50$ cm, handle height 50 cm

1 baby walker, 24 building blocks

- Stable and non-tilting
- Integrated braking system for controlled pushing
- Rubber-finished wheels for quiet and safe rolling
- haptic experiences and twice the fun with wooden building blocks
- The crocodile's feet make "walking movements" when it's pushed
- Rounded edges for more safety
- Highly visible wood material

Lawn Mower Baby Walker

Mow the lawn like the grown-ups? No problem with this lawn mower nominated for the ToyAward 2019 made of FSC® 100% certified wood, which is also a baby walker. The handle of this colourful baby walker is adjustable in two positions: for first attempts at walking, the setting for beginner walkers supports a stable and secure stance. For more advanced walkers, the position can be changed and the collecting tray can be hooked in. The highlight: The motor block is also a plug-in game that trains motor skills.

Lawn mower approx. $55 \times 38 \times 52$ cm; Whole motor block: height

FSC* C138595 The mark of ponsible forestry

Walker "Move it!"

This baby walker made of FSC® 100%-certified wood is a real allrounder with its functions and its minimalist design. Here, you can spin, plug and draw. The top board can be raised up and offers lots of storage space inside for other toys. Thanks to the brake system, nothing can go wrong while learning to walk. approx. 39 x 40 x 42 cm, grip height 41 cm

1 baby walker, 6 shapes

- Integrated brake system for controlled pushing
- with an integrated axle for stability
- Rubber-finished wheels for quiet, safe rolling
- Play elements for plugging, pushing, turning, and flipping that train fine motor skills

11435

Building Blocks Baby Walker "Move it!"

Learn to walk with the hedgehog, the squirrel, the bees and their friends! This baby walker in a modern and minimalist design from the "Move it!" product group supports children with their first steps while developing their motor skills, because they have always their 27 favourite building blocks with them. In different colours and shapes the building blocks train the understanding of colour and shape. The rubber-finished wheels allow it to roll quietly and safely across the ground. approx. 35 x 25 x 42 cm, grip height 38 cm

1 walker, 27 building blocks

11769 Pastel Tumbler Toys Display

Set of 6. Stand up, Bear! When these cute wooden tumbler toys are pushed, they rock back and forth while the colourful little beads in the wrap-around plastic ring makes exciting noises. The plastic ring is turnable and offers fascinating play possibilities, just like, if the head would be attached to an elastic band. The bear, the rabbit, and the elephant also make a great impression as a rattle and grasping toy!

Height approx. 9 cm, Ø approx. 7.5 cm

11712 Pastel Baby Rattle

Where's that lovely rattling coming from? This easy-to-touch wooden baby rattle in pastel colours in a set of 3 playfully attracts young explorer's attention. An opening on the top and bottom sides invites babies to look inside. These non-slip rattles are easy to grip for small hands, and they playfully train babies' sense of hearing in addition to their motor skills. Length approx. 6 cm, \emptyset approx. 5.5 cm

How cute! This rocking sheriff made of cuddly-soft textiles and a stable wooden frame lets the young ones experience a great ride through the children's room. This rocking horse crackles when his ear is pressed, and he has two convenient pockets on the saddle for provisions.

approx. 63 x 27 x 53 cm, seat height approx. 35 cm, max. load capacity 25 kg

NEW

12210Rocking Donkey with Seat

Cuddly-soft and comfortable! This plush rocking donkey is a loyal companion with its stable construction of wood that invites you to cuddle with its soft fur and friendly face. The cushioned seat in the shape of a saddle with a backrest gives young riders a safe riding position while they hold on to the stable, round grips made of wood. With a head collar and handkerchief.

approx. 67 x 34 x 50 cm, seat height approx. 35 cm, max. load 30 kg

11181

Rocking Unicorn with Seat and Sound

The journey into Adventure-Land can begin! This rocking unicorn has an ergonomic seat equipped with cuddly-soft fur. To get this special kind of rocking animal moving, the young rider has to simply hold on to the wooden handles and start rocking energetically back and forth. This especially trains children's motor skills and their sense of balance. And when you press on the unicorn's ear, a realistic horse whinny is emitted, which is lots of fun for the young ones. Batteries not included.

Approx. 87 x 31 x 50 cm; Seat height approx. 30 cm; max. load capacity 25 kg

10616

Rocking Horse with Seat and Sound

Over sticks and stones! Young children can experience their first rocking action! Brown eyes and soft fur make this rocking pony a loyal companion. The little cowboys will sit securely in this saddle! Its acoustic facility (neighing and sound of poundering hooves) provides an extended play fun! Batteries not included.

approx. $68 \times 36 \times 54$ cm, seat height approx. 30 cm, max. load capacity 30 kg

Stand-Up Lion

An adorable stand-up lion fit to be loved! This cute lion made of baby's plush just can't be kept down. When you try to push him down, he always stands up again and makes babies and crawling infants happy with a ringing bell sound. This animates them to crawl around with it and invites them to grip it. What fun!

Approx. 11 x 14 x 19 cm

11422 Stand-Up Mouse

This mouse just can't rest! This stand-up toy made of soft plush wiggles up and down after it is pushed down and makes its own ringing sound. This silly mouse in its fluffy plush costume animates babies as well as crawling infants to grip the toy and playfully trains motor skills. Approx. 11 x 14 x 18 cm

11419 **Shapes Mouse Plush Toy**

A mouse invites you to a round of discovery! With this colourful plush mouse, young children will train their motor skills and train their spatial thinking. The various plush shapes not only have to be put in the correct cutouts - they also fascinate the young ones with their squeaking, rattling and crackling functions. When babies flip the mouse they look at themselves in the mirror.

Mouse approx. 19 x 23 x 22 cm

11425 Baby Ball with Rattle

Feeling, touching and gripping! With this brightly coloured plush ball, the first motor skills will be developed. It's a versatile motor activity toy that unites a ball with a rattle. Various fabric patterns are real eye-catchers and train the sense of touch with their different textures.

Approx. 14 x 19 x 23 cm

0m+ | 🕥

Cloth Grip Toy for Rolling

Playtime fun all down the line! The cylindrical construction of this motor activity toy made of soft baby's plush makes it possible even for infants with its various gripping and touching experiences. When put on its side, it rolls across the floor - a real joy for crawling kiddies. When its ball is pushed, it makes a great squeaking sound.

Height approx. 19 cm, Ø approx. 13 cm

10021

Baby Rattle lamb "Lotta"

Who's peeking through the clouds there? It's "Lotta" the sleepy lamb! This small plush rattle is wonderfully soft thanks to the special sewing seams. The rattle can be gripped well and promotes babies' motor skills. арргох. 17 х 9 х 20 ст

5515 Baby's Cube

Softly padded cube made of material fitted with a variety of fastenings to encourage exercising of the fingers. This product encourages children to train their motor skills. Different types of fastenings are located on the sides of the cube – lacing, buttons, a zip, press-studs, velcro fastening and nylon straps e.g. as those found on satchels or backpacks.

5523

Millipede

This little garden resident is friendly and cuddly – it is also educational as he has 6 different types of fasteners to train the fine motor skills! Little fingers can play with the ribbon, zip fastener and the velcro fastener! approx. 54 x 21 x 14 cm

10298

Humming Top Colourful

Who doesn't know it, the humming top? A great colourful tin toy, which starts to turn by pressing the handle and makes a buzzing sound. The rubber base keeps it in place. A great toy for children! Height: approx. 23cm, Ø approx. 22 cm

4759

Toy Board Motor Activity

This game is an adventure land for small children. The child learns to recognize itself in a mirror and with various wooden objects, it acquires the motor skills in a playful way. Additionally a small rattle provides joy and more variety. The game board is entirely made of wood and because of this, it is very stable.

NEW

12226 Balance Blocks "Safari"

No block is like the other here! Inspired by the Montessori pedagogical theory, these 18 balance blocks made of high-quality wood with various sizes, corners, and unequal sides promote the development of fine motor skills and concentration. When stacking the balance blocks, all one's thoughts are focused so that the stress of everyday life fades away. Can be used for stacking, balancing, counting, sorting, meditating, and decorating. Largest block approx. $4 \times 3.5 \times 5$ cm; Smallest block approx. $2.5 \times 2.5 \times 3.5$ cm

- Inspired by the Montessori pedagogical theory for promoting the development of fine motor skills, concentration, patience, and creative thinking
- Can be used for stacking, balancing, counting, sorting
- Suitable as meditation blocks for relieving stress
- Pleasant haptics; stacking blocks perfectly shaped for small hands

Colours Memory Game "Safari"

Memory training with a fun factor! With this memory game for 2 to 4 players, the goal is to find the differently coloured eggs hidden under the twelve exotic birds. The two colour dice indicate which two colours must be found. It's a wild game of colour memory that trains concentration, memory, and perception of colours with playtime fun!

Game piece height: approx. 5.5 cm, Ø approx. 4.5 cm

11957 Stacking Cubes "Safari"

Wild stacking fun! With these ten stacking cubes in a modern, child-friendly safari look, young master builders can put their stacking skills to the test. The stacking cubes have cute motifs from the world of animals and the numbers 1 - 10. The number of animals depicted on a cube corresponds to the number on the reverse side of the cube.

Largest cube approx. 14 x 14 x 14 cm; smallest cube approx. 5 x 5 x 5 cm

10 stacking cubes

11958 Wobbly Tower "Safari"

Safari animals want to climb high! In this variation of the popular wobbly tower game, exciting fun and thrills are guaranteed. First, a tower of wooden blocks and floors is stacked, whose "columns" must then be removed in turns with a steady hand - without the tower collapsing! The color cube indicates which column must be pulled.

Base board approx. 0,5 cm, Ø approx. 10 cm; Game pieces approx. 5 cm, Ø approx. 1,5 cm

44 parts

Tiger Stacking Tower "Safari"

A stacking tower or a wobbly pyramid? Both! This friendly tiger takes form as soon as the children stack the coloured wooden rings of his body on top of one another in the correct order. Putting this 7-piece wild animal together trains hand-eye coordination and an understanding of shapes and sizes. As a wobbly tower, it's also an educational game of skill for the youngest ones! Height: approx. 14 cm; Ø approx. 9 cm

11704

Stacking Animals "Safari"

A tower made of safari animals? That's not unusual at all with this wooden stacking and balancing game! The seven animal figurines can be stacked on top of one another however you wish with the goal of stacking as many animals on top of each other as possible without the tower collapsing or a figurine falling down. That requires not just patience and concentration, but also a steady hand and finesse. They're also great for young master builders as individual action figures!

Elephant approx. $9 \times 1 \times 6.5 \text{ c}$; Lion approx. $6.5 \times 1 \times 5.5 \text{ cm}$

TIP

11698

Wooden Train "Safari"

Put it together and depart the station! This wooden train in trendy colours is only going on a big trip through the nursery once the elephant, giraffe, zebra, and their friends have boarded! The richly detailed train which is also a shape-fitting and stacking game offers children the possibility to build according to their own ideas. The insertable blocks can also be used separately as building blocks. Next stop: Safari! Trains approx. 12 x 7 x 11 cm; cuboids approx. 4 x 3.5 x 4 cm

3 vehicles, 13 blocks

Ludo for 6 players "Safari"

Great Ludo fun for up to 6 players! In this classic game made of wood, the first thing you have to do is to bring your steppe animals into the "house". The figures zebra, giraffe, crocodile, elephant, leopard and lion are designed rich in detail and suitable for children - ears and manes made of felt are real eye-catchers. Practical: The foldable play board serves as a storage box.

Approx. 26 x 24 x 1.5 cm; stone H 3.5 cm, Ø approx. 1.5 cm

11697

Ludo "Safari"

A safari feeling on the game board! With this wooden game of Ludo, the goal is to be the first person to get your savannah animals into the "little house". The extra-large dice indicates how many spaces your game piece can move forward. The zebra, giraffe, crocodile, and elephant figurines are rich in detail and have child-friendly designs. approx. $26 \times 26 \times 1$ cm, figure approx. $3.5 \times 1 \times 2.5$ cm

Memory Game "Safari"

On a safari in the nursery! You'll need concentration and a good memory in order to find the 14 matching picture pairs in this Memory Game. The small wooden tiles with the child-friendly designs depict cute safari motifs in trendy colours so that children can dive deeper and deeper into the adventurous world of wild animals. The young ones will not only playfully train their memories while playing, but also get to know the residents of the savannah, too. Game pieces approx. $12 \times 12 \times 5 \text{ cm}$; Box approx. $5 \times 5 \times 0.5 \text{ cm}$

28 parts

Puzzle "Safari"

The aim of this wooden puzzle is to put the seven savannah animals into their matching shapes. In the process, children not only train their motor skills and shape recognition, they are also required to show concentration and patience. The safari motifs in trendy colours and the many details make this puzzle equally appealing to parents and children. Puzzle board approx. 30 x 21.5 x 1 cm

11703 ABCs Puzzle "Safari"

Learn the ABCs super-easily! With this wooden puzzle in trendy colours, children will playfully learn the alphabet and train their fine motor skills. The 26 raised wooden letters can be easily gripped and put into the correct slots by small hands. But they can also stand up on their own without frames! This is how the cute safari motifs like the zebra, giraffe, elephant, and tiger will double the desire to learn letters. Арргох. 29 x 22 x 1 cm

11702

Numbers Puzzle "Safari"

Learning numbers made easy! Children can playfully learn the numbers 0 - 9 while simultaneously training their fine motor skills with this wooden learning puzzle and its cute zebra, giraffe, elephant, and lion safari motifs. The ten raised wooden numbers can be easily gripped by small hands and set in the matching holes. A learning plus: the English term for the numbers is present in the puzzle piece holes, allowing children to learn their first English words.

Approx. 29 x 22 x 1 cm

Cascading Tower "Space"

At the speed of light through the orbit! This wooden cascading tower in a universe look provides young astronauts with full-speed playtime fun when the two space shuttles rattle their way down the path and do somersaults along the way. Tower approx. $12 \times 9.5 \times 25$ cm, small car $3 \times 3 \times 1$ cm

11451

Mobile "Space"

A solar system feeling over the crib! This wooden mobile lets the little ones dream of rockets, astronauts and other space figures in their crib. The printed wooden pieces circle around the young astronauts just like orbits in space and draw babies' attention.

approx. 29 x 23 x 49 cm

11506

Hammering Bench "Space"

Ready for liftoff? With this hammering bench made of solid wood, children can prove their strength while training their motor skills. It's particularly fun to make the rocket, the astronauts and the aliens lift up by striking with the hammer.

Hammering bench approx. 18 x 7.5 x 15 cm; Hammer approx. 17 x 5 x 2.5 cm

11453

Hammering Game "Space"

Who can manage to bring the planets into orbit? This fun hammering game in a cool space design demands skill and concentration from the young astronauts. With a hefty hammer swing, players have to try to hit the wooden lever to move the individual planets to the other side. approx. 20 x 6 x 25 cm, hammer: approx. 17 x 5 x 2 cm

Music Box "Space"

Free-flying and swirling through orbit! This wooden music box in a popular space design plays the wonderful melody "Twinkle Twinkle Little Star" while the rocket and the alien on the dance floor circle around to the music. Music box: Approx. 10 x 10 x 7 cm;

Figurines: Approx. 3 x 3 x 5 cm

11450 Stacking Rocket "Space"

3, 2, 1 – Liftoff! This wooden stacking/ insertion game comes in the shape of a space rocket. When stacking together the five-piece spaceship, children's hand-eye coordination and their comprehension of shapes and different sizes will be trained. A classic toy with a new look for young space pilots. Height: Approx. 15 cm, Ø approx. 8 cm

5 parts

TIP

11452 Ludo "Space"

The universe on a game board! With this game of ludo made of high-quality wood, this dream of young astronauts will come true. Here, space pilots, flying rockets and wandering aliens move all around, and have to try to reach their star areas with the help of dice with either numbers or colours on them. It's a classic game of ludo in a trendy design, suitable also for younger children due to its colourful dice!

approx. 24 x 24 x 1.5 cm;

meeple approx. height 3.5 cm, Ø 1.5 cm

11448

- Robust and stable for long-lasting playtime fun

NEW

11965

Motor loop and abacus rainbow

This bead maze in bright colours is multi-talented! With 50 colourful wooden beads and the stable metal track loops in five different colours, the Rainbow Bead Maze is an invitation to playing and learning. Pushing the colourful "raindrops" along the winding and looping tracks trains motor skills and a first understanding of numbers and amounts. The stable wooden base provides a sturdy standing position. And here's an extra tip: this bead maze also makes a great impression as an abacus and slide rule!

Approx. 27 x 6 x 22 cm

- Bead maze in bright, complementary rainbow colours
- The shape, colour, and haptics speak to all the
- Encourages playing and learning
- Trains the pincer grip
- Encourages children to attempt to count and is usable as a slide rule/abacus
- Stable, sturdy wooden base
- 2-in-1: learning toy and nursery decoration in one
- Can be ideally complemented with other wooden toys in rainbow designs

11777

Shape-Fitting Cube Rainbow

This modern shape-fitting cube made of robust wood combines simple white, luminous rainbow colours, and highly visible solid wood elements. The 13 differently shaped, differently coloured, and partially natural shape-fitting elements train children recognition of colours and shapes as well as their motor skills. In addition to the classic geometric shapes, there's also clouds, stars, and houses to be inserted!

Stacking Tower, large Rainbow

Stacking and tinkering! This large wooden stacking tower in rainbow colours makes an impression with an additional task: the differently sized wooden discs must not only be pushed onto the pole in the correct order, but also turned to the right position so that the gaps in the discs match up with the position of the small pins on the pole. It's a tricky task that trains fine motor skills and problem-solving skills! The rounded base allows the completed stacking tower to wobble around as a fun reward.

Height approx. 24 cm, Ø approx. 12 cm

11775

Rainbow Stacking Tower

A rainbow for stacking and inserting! This stacking tower shines with bright rainbow colours and the wood material that's easy to hold encourages even the youngest children to sort the differently coloured rings according to their size and colour. This trains motor skills, hand-eye coordination, and understanding of shapes and sizes. The rounded base that lets the stacking tower sway back and forth provides extra joy. A moving pin offers even more safety. Height approx. 15 cm, Ø approx. 10 cm

7 parts

11720 **Shape-Fitting Game Rainbow**

As colourful as the rainbow! With this shape-fitting and stacking game, the goal is to stack identical shapes on top of each other by size so that the colours of the rainbow are formed in the correct order. Stacking, inserting, and sorting playfully teach children about shapes, colours, and sizes while training fine motor skills and hand-eye coordination. The movable pins add to the safety!

Board approx. 19 x 10 x 11 cm; Stars stacked approx. 8 x 8 x 9 cm

19 parts

11607 Walker "Elephant"

TIP

11567 Rainmaker Rainbow

Now that's what rain sounds like! The sound of gentle rain can be imitated with this rainmaker. Since it can be used in many ways as a rattle, a rhythm, a noise toy or a calming game for the senses, children won't be the only ones being carried away by its sounds. The rainmaker's transparent tube provides clear viewing of the little balls with a glass look which trickle down through the perforated plates in the shapes of flowers. This toy trains both acoustic and visual perception. length approx. 19 cm, Ø approx. 5,5 cm

Wobbly Tower

make this wobblu tower toy something special! Concentration and dexterity are needed when the coloured blocks are pulled from the tower and laid back on top without the tower falling down.

on p. 11 - 22.

10044 **Stacking Cubes Pets**

Here dominates a hustle and bustle, because all pets have to be assigned to their right sleeping-place! The different cubes can be placed on top of each other so that on the side the master of the cute animals appears. Large cube: approx. 12 x 12 x 12 cm Dog: approx 5,5 x 4,5 x 1,5 cm

Stacking Cubes Wild Animals

Things get stacked up high here! These happy wild animals invite young master builders to prove their stacking chops. The 10 stacking cubes made of stable, lightweight cardboard are printed with funnu animals and numbers which playfully teach children about numbers. When stacking, children also train their fine motor skills and concentration so that the tower doesn't immediately collapse. All cubes can be easily stacked inside each other and stored to save space. Largest cube approx. 15 x 15 x 15 cm, smallest cube approx. 6.5 x 6.5 x 6.5 cm

11957 Stacking Cubes "Safari"

Wild stacking fun! With these ten stacking cubes in a modern, child-friendly safari look, young master builders can put their stacking skills to the test. The stacking cubes have cute motifs from the world of animals and the numbers 1 - 10. The number of animals depicted on a cube corresponds to the number on the reverse side of the cube. Largest cube approx. 14 x 14 x 14 cm; smallest cube approx. 5 x 5 x 5 cm

10627 **ABC Stacking Cubes**

Attention all high-stackers! You'll be stacking to the skies with these shape fitting cubes. The geometric shapes must be inserted through the correct openings. The printed letters on the cubes must be stacked in the correct order, offering an optimal learning tool. approx. 12 x 12 x 36 cm

6569

Hammer Tower Beads, large

This well-shaped wooden tower is a funny game! After hitting the 3 coloured wooden balls they will run down the steps with cheerful clattering! This motor skill trainer is an adventure for children and encourages to play again and again. Approx.: height 26 cm, Ø 18 cm, wooden balls Ø 4,5 cm

11221 **Turtle Hammering Game**

Attention all turtles! Young children can prove their accuracy with this game. The wooden hammer is equipped with felt for quiet strikes. When one wooden peg is struck, another one automatically pops up. And here's the great thing: the legs, head and tail of the turtle stretch out from each peg. Height approx. 8 cm, Ø approx. 18 cm

Smack the Bird

Peep, peep! Six cheeky little birds nod their colourful heads when hit by young hammer experts. When one bird lowers its head, another one raises it. This unique hammering bench is made of robust solid and laminated wood and teases the senses over and over again. approx. 19 x 12 x 12 cm

At a glance

- A hammering bench with a surprise effect: When one bird is knocked down, another one pops up at a different spot
- A popular variation of the classic hammering bench
- Hammering bench, hammer, and cutely designed birds are made of particularly robust wood
- Brightly coloured, child-friendly design
- Hammer is easy for children's hands to grasp and perfectly matched to the size of the birds
- Promotes the development of motor skills
- Trains hand-eye coordination
- Increases reaction speed

2693 Hit the Worm

A game for training fine motor skills in a solid wooden box with a colourful lacquering. Small children's hands should hit the worms into the base using the wooden hammer – but for each "engulfed" worm a new one appears immediately! арргох. 23 x 11 x 13 сm

11887 Threading Shoe

So that's how you tie your shoes! With this practical wooden learning shoe in a modern design, children can playfully learn how to tie their shoes, thread the shoelaces through the eyelets, and tie a bow. All the while, they'll be training their patience and fine motor skills. Stable with a good, solid weight, this shoe can withstand all shoe-tying attempts!

Threading shoe approx. 15 x 6 x 8 cm

2 parts

At a glance

- Wooden threading shoe in a retro design
- Incl. compatible shoelace
- for playful learning of everyday skills such as threading and loop tying
- Trains hand-eye coordination, patience, and concentration
- Ideal for kindergarten-aged children that teaches them how to tie their shoes

The mark of

Fractions "Educate"

Cheerful counting fun! This fun game made of FSC® 100%-certified wood encourages children to practice fractions. It motivates children to discover the world of numbers. $\frac{1}{4}$ =? approx. 17 x 17 x 2 cm

Maths Sticks XL Learning Box "Educate"

This makes math fun! This versatile set of maths sticks made of stable wood, imparts knowledge about amounts and proportions by visualizing it and giving children the first understanding of numbers quickly and clearly. The various lengths of the sticks can be used for orientation. While younger children can use the small wooden sticks for building and stacking, they can also be used by preschool- and school-aged children as support when doing their first mathematical operations. The large wooden box for sorting and storing is especially practical!

At a glance

- A practical maths aid for many different age groups
- Through counting, comparing, and sorting it supports the development of basic maths skills
- support school children with learning addition, subtraction, division and multiplication
- imparts an understanding of sizes and colours
- all math sticks are neatly stored in a matching wooden box
- Younger children can also use the wooden sticks as building blocks

11101

Shapes Learning Game "Educate"

This colourful game of combinations made of FSC® 100%-certified wood supports young children with their first recognition of shapes. The well-shaped wooden blocks have to be fitted into the correct form, which playfully trains a child's motor skills, thinking abilities and concentration. Game board approx. 22 x 22 x 1 cm; piece approx. 3 x 3 x 1.5 cm

11102

Fraction Circles Learning Game "Educate"

This learning game made of FSC® 100%-certified wood is really something special! With it, young math whizzes can learn about geometric figures in a playful way. The large cylinder is divided into smaller and smaller pieces which then must be sorted into the correct shape and colour. Game board approx. 29 x 8.5 x 1 cm, game piece height: approx. 3 cm, Ø approx. 5.5 cm

Slide Rule "Educate"

A perennial classic that has taught people the foundations of arithmetic for generations. This classic slide rule made of robust FSC® 100%-certified wood lets young math whizzes practice their maths and teaches them about numerical proportions.

11168 Slide Rule To Go "Educate"

The old classic in a convenient travel size! Slide rules have been teaching the basics of arithmetic for ages. This one is made of robust FSC® 100%-certified wood and lets the young math whizzes practice maths, even on-the-go. approx. 13 x 5 x 15 cm

TIP

11165 Small Abacus "Educate"

A maths game for on-the-go! This abacus is made of robust FSC® 100%-certified wood, is compact and handy and fits in every school bag. The colourful wooden beads train children's understanding of numbers up to 10 and playfully challenge young math whizzes. approx. 9 x 8 x 14 cm

Maths Dice Display "Educate"

Set of 12. This bag comes filled with maths problems! Included are six maths dice made of FSC® 100%-certified wood with which countless combinations of maths problems can be rolled - from simple addition and subtraction to more complicated maths problems (e.g. multiplication). All maths problems appear randomly so that the arithmetic stays exciting! By adding or leaving out dice, each player can choose how difficult their maths problem should be.

dice (L) approx. 3 x 3 x 3 cm, dice (S) approx. 1,5 x 1,5 x 1,5 cm

10952 **Creating Words "Educate"**

With these letter-dice made of FSC® 100%-certified wood, children can create their first words. With the inlay board they remain where they belong and do not get out of place. Everything can be stowed away in a wooden box and can be easily transported. This game encourages the spelling and vocabulary development.

approx. 19 x 18 x 3 cm

10869 Wooden ABC Puzzle "Educate"

26 pieces. A, B, C, D,...that's how our alphabet goes. Every colourful wooden animal represents a letter of the english alphabet. But first the puzzle has to be put together correctly! approx. 53 x 11 x 1,5 cm, Panda: approx. 7,5 x 7 x 1,5 cm

11369

Maths Tiles "Educate"

This is for those first steps into arithmetic! With the two-tone spinning tiles made of FSC® 100%-certified wood, mathematical operations can be playfully practiced and one's understanding of numbers can be trained. Turning the tiles and the changing colours visualises number amounts in a particularly visual way. The active picking and turning of the tiles also promotes the memory development in the context of maths. Number field 30 x 8 cm; Tiles Ø ca. 2.5 cm

11625 Learning Board "Educate"

A calendar or a clock? Both! This learning board made of FSC®certified wood supports children with learning to tell time in 12-hour and 24-hour time systems while simultaneously imparting knowledge about the weather, the days of the week, the months and the seasons. Moving the hands of the clock and the small wheels it trains motor skills. Comes with a suspension system and stickers for use in 15 European languages. approx. 31 x 4 x 31 cm

The mark of

At a glance

- Shows the time in the 12-hour and 24-hour systems
- Learn the weather and seasons as well as their relationship
- Usable in foreign language lessons
- Learn the days of the week and dates
- Promotes fine motor skills when moving the hands, wheels, and sliding elements
- Highly visible wood material
- Usable in 15 European languages with the stickers: DE, EN, FR, IT, ES, PL, CZ, NO, NL, DK, PT, RU, FI, SE, GR

11291

Wall Clock "Educate"

Tick, tock - time is always flying, but with this wall clock made of FSC® 100%-certified wood, you can stop it once in awhile. The clock playfully gives children good instruction in telling time. Whether five minutes or two hours have gone by, the clock hands can be moved accordingly. With a convenient suspension device on the back. Height: approx. 2,5cm, Ø approx. 18 cm

Weekly Planner, magnetic "Educate"

What's the plan for today? This children's calendar made of FSC® 100%-certified wood with magnets offers a variety of possibilities to give young children an understanding of days, weeks, months and seasons. Simple, colourful symbols and large numbers can be easily recognised, even in passing. Thanks to the included stickers, this planner can also be used in the languages of German, English, French, Spanish, and Italian.

Calender approx. 42 x 43 x 1.5 cm

Thanks to the enclosed stickers, it can be used for the following languages: German, English, French, Spanish and Italian.

Learning Game Logisteck Apple

Logic and skill will help these cheery caterpillars on their way through the apple! With this educational, vertical shape-fitting game, logical thinking, hand-eye coordination, fine motor skills, and threedimensional perception are all playfully trained without sacrificing any of the fun. When assembled correctly, this robust, brightly-coloured shape-fitting apple made of solid wood is a real decorative eyecatcher. Comes with felt leaf.

Height: approx. 11 cm, Ø approx. 12 cm

9 parts

- Trains the three-dimensional perception when playing with the different levels in the apple
- Trains fine motor skills
- An educational vertical shape-fitting game that's almost like a puzzle, but much more interesting!
- 2-in-1: with its bright colours and decorative felt leaf, this shape-fitting apple is both a learning game and nursery decoration!
- Promotes the development of logical thinking
- Trains hand-eye coordination
- Tricky learning fun there's only one correct path to the

3386

Educational Game Logisteck

It's like a puzzle but just more interesting. Logisteck enthuses immediately and trains the fine motor skills! The goal is to put all the plates with the coloured holes on them to the suitable coloured pillars. However, that's easier said than done...! height: approx. 9,5 cm, Ø approx. 12 cm 3+ 9 parts

TIP

1136 Learning Box Maths Sticks

Is ten bigger than three? These versatile maths sticks will impart a first understanding of numbers to children and quickly and illustratively support them with their first attempts at mathematical equations. The different lengths of the sticks serve as an orientation aid. Preschool-aged children will gain basic mathematical skills when counting, comparing and sorting the sticks. Older schoolchildren will be supported with their learning of addition, subtraction, division, and multiplication.

approx. 32 x 18 x 3.5 cm

308 parts

At a glance

- A practical calculation aid for various age groups ranging from preschoolers to school-aged children
- Supports school-aged children with addition, subtraction, division, and multiplication
- Trains imagination and logical thinking
- Teaches younger children to understand sizes and colours in a clear way
- in matching wooden box with sliding lid
- An ideal gift for school enrolment

10525

Size Sorting Puzzle Game

"Help me do it by myself!" is exactly what the Montessori pedagogy recommends! This brightly coloured puzzle game encourages kids to compare, organise, count, measure, and structure. approx. $15 \times 16 \times 3.5$ cm

Bridge Game "4 Friends"

We're off to visit the forest animals! Heinz" the rooster, "Fritz" the horse, "Olga" the cow, and "Schippy" the sheep want to visit the deer and the boar in the forest. The goal of the game is to cross the river that separates the farm and forest! To do this, the four friends have to build a bridge out of the game pieces in bright rainbow colours. Comes with numbered dice with footprints and high-quality game box for storage.

Game board approx. 28 x 28 x 1 cm; game pieces approx. 3 x 2 x 0.5 cm

- Playable in three game variations which work without counting so that it is also suitable for younger players
- Comes with coloured dice and dice with footprints so that children also gain knowledge about animal tracks
- Lovingly designed in the theme of "animals on the farm"
- High-quality, pleasant haptics with lots of visible wood material
- Also trains motor skills
- With a durable, high-quality box for a long-lasting storage solution

11783 Ludo XL

Ludo fun in a large format! With this classic wooden game, the goal is to be the first one to get your game pieces into the "little house". The highlight: the extra-large game field and the large game pieces make it easy for players with small or unsteady hands to place them. The round notches ensure that the game pieces stand up sturdily. Comes with cloth bag. Approx. $45 \times 45 \times 1 \text{ cm}$; Game piece height approx. 5 cm, \emptyset approx. 2.5 cm

1800 Ludo for 6 Players

A classic parlour game for six players! This wooden game of Ludo makes an impression with its XXL size and extra-large game pieces. It's just the thing for small or unsteady hands!

Barricade XL

Excitement, luck, and tactics! With this classic wooden board game in an XL format, the goal is to set up barricades, toss out your opponents and tactically find the best way to the end goal. But be careful: Players can block your path with the white balls! The extra-large game field and the round notches make it easy for players with small or unsteady hands to place the game pieces. Comes with cloth bag.

Approx. 45 x 45 x 1 cm; Game ball Ø approx. 2.5 cm

11785

Snakes and Ladders Game XL

The ladders game in a large format! With this classic wooden game, the goal is to be the first player to "climb" up the ladders to reach the 100 spot. But be careful! If you land on a snake spot, you'll slide back down! The extra-large game field and the extra-large game pieces are well-suited for players with small or unsteady hands, as are the round notches. Comes with cloth bag. Approx. 45 x 45 x 1 cm; piece 5 cm, Ø approx. 2.5 cm

TIP

7358 Ludo "Animals"

Classic game in a funny design — here the players play with animal figurines! Another special feature: the die has numbers on them rather than dots! The pieces and die are safely stored in the hinged wooden box. approx. 27 x 27 x 1.5 cm,

figure height approx. 4 cm, Ø approx. 1.5 cm

6257 Ludo "Farm Animals"

Moo and baa! Four different wooden farm animals run race around in this game. They're all trying to be the first to reach their house with the help of the dice. By playing the game, children can playfully learn their numbers while simultaneously training their motor skills. Playtime fun is pre-programmed here!

Ludo "Pirate Island"

Another creative design for one of the most amazing parlour games in an $\,$ implementable wooden box. Funny painted pirates compete against the opposing teams! With the die (1 - 6) the little buccaneers can easily recognise their step sequence. Manufactured from FSC® 100%-certified wood. approx. 24 x 24 x 1.5 cm

11105

Ludo "Princesses"

Which noble princess will be the first to find her way to the crown? Four differently-coloured 3D princesses made of FSC® 100%-certified wood are only waiting to make their own way. The die shows how many steps forward they're allowed to take.

Closed box approx. 24 x 12 x 3 cm; Figure height: approx. 3 cm, Ø approx. 2 cm

TIP

11452 Ludo "Space"

The universe on a game board! With this game of ludo made of highquality wood, this dream of young astronauts will come true. Here, space pilots, flying rockets and wandering aliens move all around, and have to try to reach their star areas with the help of dice with either numbers or colours on them. It's a classic game of ludo in a trendy design, suitable also for younger children due to its colourful dice! approx. 24 x 24 x 1.5 cm;

meeple approx. height 3.5 cm, Ø 1.5 cm

Further "Space" products on p. 42 - 43.

11765

Ludo for 6 players "Safari"

Great Ludo fun for up to 6 players! In this classic game made of wood, the first thing you have to do is to bring your steppe animals into the "house". The figures zebra, giraffe, crocodile, elephant, leopard and lion are designed rich in detail and suitable for children - ears and manes made of felt are real eye-catchers. Practical: The foldable play board serves as a storage box. Approx. 26 x 24 x 1.5 cm; stone H 3.5 cm, \emptyset approx. 1.5 cm

11697

Ludo "Safari"

A safari feeling on the game board! With this wooden game of Ludo, the goal is to be the first person to get your savannah animals into the "little house". The extra-large dice indicates how many spaces your game piece can move forward. The zebra, giraffe, crocodile, and elephant figurines are rich in detail and have child-friendly designs.

approx. $26 \times 26 \times 1$ cm, figure approx. $3.5 \times 1 \times 2.5$ cm

More "Safari" products on p. 36 - 41.

11462 **Pastel Ludo**

Which animal can make it into their house first? In this handy ludo game in trendy pastel colours, wooden figurines in the shape of a hare, a panda, a bear and a fox race around the board. The number on the dice tell players how many steps each animal figurine is allowed to take. Figurines with felt ears.

11725 **Ludo Pirates**

Buccaneers beware! This wooden ludo brings the buccaneer fun to the game board. The goal is to get all of the pirates to their pirate ships. The dice indicates how many steps a piece may move forward. Counting is trained in a playful way. The play figures are designed to be suitable for children and have been worked out in detail. Which pirate team will bring down the others? Board approx. 20 x 20 x 1 cm; Figurine height approx. 3.5 cm; Ø approx. 1 cm

Wobbly Tower Rainbow

The popular rainbow colours make this wobbly tower toy something special! Concentration and dexterity are needed when the coloured blocks are pulled from the tower and laid back on top without the tower falling down. Assembled tower approx. 7 x 7 x 28 cm; blocks approx. 7 x 2,5 x 1,5 cm

55 parts

8004

Wobbly Tower

You'll need nerves of steel with this popular game of skill made of natural wood. The goal is to carefully extract the wooden blocks from the tower without causing the tower to collapse. tower built up approx. 8 x 7.5 x 30cm, block approx. 8 x 2.5 x 1.5 cm

60 parts

Figure Tower

A calm hand is needed with this wooden figure tower. The individual blocks must be pulled from the tower - but carefully, because you don't want the tower to collapse! Experienced players can do it with a die, which tells the player which block should be pulled. An exciting game of dexterity for young and old. tower built up approx. 7,5 x 7,5 x 23 cm, block approx. 7,5 x 2,5 x 1,5 cm

58 parts

4746

Wobbling Wall

Oh boy, that's pretty wobbly! Careful hands are needed for this dexterity game made of robust wood. How many blocks can be removed from the Wobbling Wall before it collapses? The goal for one or two players is to keep the rooster on top of the Wall as long as possible.

approx. 24 x 7.5 x 16 cm

10464

Beehive Wobbly Tower

This dexterity toy is a real blast! The bee is going crazy in the beehive. New honeycombs appear all the time and want to be stacked. But be careful! They lay loosely on one another and can topple over at any time! Beehive approx. 21 x 7 x 20 cm, Bee approx. 4 x 2 x 4.5 cm

Balancing Cat

For this game, you need to prove how strong your nerves are! These clews of yarn are made of robust solid wood, coloured with saliva-proof paints and waiting for the game with the little grey cat. The goal of the game is to lay the wooden sticks on the cat so that they stay balanced. The included coloured die tells the players which colour should be laid on the balancing platform next.

approx. 19 x 3 x 9 cm

24 parts

11058 Balancing Frog

The balancing game made of FSC® 100%-certified wood in a funny frog design lets children practice their skill and patience with their hands. The focus here is on fun, but also on the sense of achievement. approx. $16 \times 2 \times 8$ cm

20 parts

3360

Balance Seesaw

A funny game to nurture the fine motor skills. The aim of the game is to position the pieces shown when the dice are rolled, so that the pieces do not fall off and the see-saw remains balanced.

Approx. 18 x 10 x 15 cm

Become a fan now: facebook.com/smallfootholzspielzeug

2490Balancing Ark

Ooups, children need a calm hand for this game because it is all about piling every pair of animals safely on the ark. It is obvious that the balance needs to be hold so the passengers won't fall down. To make it a little bit more difficult, the animals will be diced and are able find their place on the ark afterwards.

approx. 18 x 2 x 16 cm

3+ 8 1-3

Fishing Game Puzzle

This fishing game is also a great puzzle! Once you've fished all of the sea creatures out of the wooden puzzle frame, the individual wooden fish, clams, and crabs can be put back together again inside the frame. This trains handeye coordination and memory skills simultaneously.

Domino Rallye Race

A dominoes classic for both young and old! This dominoes game offers playtime fun on all fronts. With 480 differently-coloured wooden domino pieces, you can build an entire fun-filled dominoes obstacle course. The additional wooden shapes and stairs increase the difficulty level. At the end, a tower with a little bell awaits the final domino piece. Bell tower approx. 9 x 3 x 9.5 cm, domino piece approx. 4.5 x 2 x 0.5 cm

6865

Domino Rallye XXL

Today is domino day! This well-equipped wooden game of dominoes with 560 Domino-pieces and 9 platforms is really something special! Brightly colored game pieces can be set up in rows with stairs and obstacles. That's how you can really set up a chain reaction. These dominoes can easily be stored and transported to the next play location with the included bag.

Domino pieces: approx. 4.5 x 2 x 0.5 cm

569 parts

4249

Domino Rallye Frog

A fun-to-play domino game with frogs. Lots of colourful wooden tiles and cute frogs can be combined to create an exciting game. The small accessories make the track a real eye-catcher. The last wooden tile touches the bell and the game is over.

Frog: approx. 5 x 3,5 x 0,5 cm; mill: approx. $3,5 \times 7 \times 10 \text{ cm}$

100 parts

Geometric Shapes Wooden Puzzle

This 114-piece wooden play set offers endless playing possibilities. Inspired by the world-reknowned classic computer game, the goal is to put together the different geometric shapes. Colourful and individual mosaics in countless combinations can be made with the various puzzle pieces.

Largest piece, approx. 11 x 2 x 0.5 cm; Smallest piece,

арргох. 4.5 x 4.5 x 0.5 cm

11346

3D Geometric Shapes Puzzle Cube

Spatial imagination will be challenged here! This magical wooden cube is comprised of seven pieces shaped like Tetris pieces that have to be assembled back into a cube shape. With this thinking puzzle, keen puzzle fans will have to demonstrate their concentration and spatial thinking. Approx. 6 x 6 x 6 cm

11357

Tangram Puzzle Game

Creative playtime fun in a convenient storage box! This brightly coloured puzzle game promises hours of fun while simultaneously training logical thinking and spatial-visual perception. With the 52 coloured wooden puzzle pieces, all kinds of different figures and shapes can be created. Fantasy knows no bounds!

Box approx. 15 x 15 x 5 cm

11691

XL Tangrams Mosaic Set

Colourful shape-laying fun in a big style! With this comprehensive wooden mosaic set, you can make all kinds of shapes and figures. With the 250 differently coloured wooden pieces in six geometric shapes, diverse and unique patterns can be created. This puzzle promotes creativity, trains logical as well as spatial thinking, and guarantees hours of playtime fun! Yellow piece approx. $4.5 \times 4.5 \times 0.5$ cm; Green piece approx. $2.5 \times 2.5 \times 0.5$ cm

Construction Cube Display

Set of 12. For tinkerers big and small! This partially glaze-painted wooden cube is really something special: the rubber-band-bound building blocks allow you to build the craziest things. But who will be the first to put it back in its original form?

approx. 4.5 x 4.5 x 4.5 cm

Spinning Top Clown

These wooden spinning tops with clown faces are lacquered in both coloured and clear lacquer and are a real challenge for motor skills of the fingers! When these tops are spinning, children's eyes are beaming! Height approx. 5 cm;

Ø approx. 3.5 cm

3+

for a set of 6

10035

Colourful Wooden Spinning Top Display

Set of 36. Six different spinning tops made of wood can be spun around for lots of fun. Make the pretty ladybird, flower, fish, frog, lion and bee spin and twirl. The spinning tops are easy to hold by the wooden peg and spin on the wooden tip.

TIP 1730 Wooden Spinning Top Striped

One of the most popular classic wooden toy! These colourful spinning tops provide a lot of fun in the children's room, training at the same time the fine motor skills! After getting the spinning tops started, they turn smoothly and fascinate people of all ages with their play of colours.

6129

Wooden Chest "Gimmickry"

Little treasures can be stored securely and "pilferers" loose their patience – only the one who knows the trick can open the chest and take out the content! Incl. a little die, a "pearl" and a little bag made of "gold". approx. $7\times10\times5$ cm

7068

Magic Flapper

The wooden tiles flap and clatter all around here. When the topmost tile is held, the next one clatters down. It's a great game for training logical thinking.

Climbing Path

Which ball will make it to the goal? With this wooden game of skill, concentration and dexterity are needed! Children must have a strong hold on the bands in order to manoeuvre the little wooden ship with the marble safely through the colored paths and past the holes.

Approx. 24 x 20 x 34 cm

2879

Ball Game Planets

Try and manoeuvre the metal balls past all the planets and score 5000 points by reaching Pluto. A brilliant way to train motor skills and hand-to-eye coordination.

approx. 52 x 19 x 8 cm

5171 Climbing Wall XXL

A large version of the popular motor skills game! The foldable climbing wall with screw-on legs is ideal for children's birthday parties for example. The balls are caught in the hinged cloth underneath. approx. $58 \times 103 \times 110$ cm

3+

2877

Table Bowling

Bowling fun for the whole family. If you want to bring this great game pleasure home, you have made the perfect choice with this noble beechwood board. The metal cones are placed on the lacquered game board, the ball is placed in the slot lane and released.

approx. 30 x 10 x 4 cm

Marble Labyrinth

This wooden maze requires strong nerves and steady hands! With the help of the controls on the sides you tilt and tilt the wooden plate to bring the ball safely to the target. But beware: The many holes make the way to the center difficult!

approx. 22 x 21 x 5.5 cm

More games of skill in the online shop!

11229

Labyrinth Race Track

It's not so easy to safely manoeuvre these marbles along the race track! Dexterity is required for this game in order to get the metal marbles safely to their end destination. The rotating knobs tilt and turn the floor, but be careful: the small metal balls can't fall into the holes!

Approx. 35 x 30 x 8 cm

3355

Game of Skill Magnetic Maze

Ready, steady, go! Who will be the first to cross the labyrinth? This game trains motor skills and concentration. The challenge is to be the first to cross the labyrinth, whereby the different lengths of the wooden sticks determine the degree of difficulty. Professional players can also play the wooden course from the bottom. They then have to play "blindfolded"! approx. $40 \times 17 \times 28 \text{ cm}$

1512 Labyrinth

The board is tipped by the control knob and the marble begins to roll. Attention: the way is arduous. A traditional game for young and old people with patience.

арргох. 30 x 25 x 7 cm

3454 Kendama Ball-**Catching Game**

Kendama is the Japanese version of the well known game "catch the ball". The two plates and the tip can be used to catch the ball – there are also official Kendama competitions in Japan! Made of natural wood, this Kendama trains hand-eye coordination and improves reaction speed. approx. 17 x 6.5 x 5 cm

6179 Kendama

This is one of the oldest games of dexterity for the motor activity of the hands. The ball, fixed with a lace, should be caught into 2 different sized bowls – but it is not very easy. The one who is good in mastering this practice could start with the "masterpiece": the ball has to be "speared"!

approx. 6 x 4 x 17 cm

6409 **Puff Ball**

Who is able to put the ball into the goal of the opponent and could "blow down" an attack? Using the drinking straws correctly by puffing carefully you can win little championships. This solid box could be taken along very good, in the car, in the house or outdoors - everyone would like to play with it! approx. 36 x 24 x 7,5 cm

10692

Small Wooden Labyrinth Display

Set of 12. A real evergreen! This wooden labyrinth with the small balls is continuously a hit. The small balls must be skilfuly navigated into the holes.

approx. 12 x 12 x 2.5 cm

3914

Floating Ball Train Display

12 pieces. A floating ball train is approaching! The large chimney keeps the light Styrofoam ball floating. The small wooden pipe conveys the air through the chimney to the ball which floats in the air as if by magic. approx. $10 \times 3.5 \times 7 \text{ cm}$

11021

Patience Ball Game Display

Set of 24. Four different motifs and six metal balls guarantee fun while training patience. The game made of FSC® 100%-certified wood also trains motor skills and dexterity. A real eyecatcher at the cash desk! Height approx. 1.5 cm, Ø approx. 5.5 cm

The mark of responsible forestry

11744Patience Ball Game Animals

Dexterity in a small format! With this ball game made of wood in a set of 6, you'll need concentration and patience to get the little balls in their slots using skillful back-and-forth movements. The child-friendly, brightly coloured animal motifs like the lion, zebra, giraffe, and others make this playtime fun complete.

for a set of 6

11768

Castanets Sea Creatures

Clickity-clack from the sea! You can make great clapping sounds with these castanets in a cute sea creatures look. The jellyfish, fish, and sea turtles impart a sense of rhythm and beat as child-friendly musical instruments and provide loads of fun in the nursery.

Ideal guest gifts for children's parties!

11745

Wind-Up Hopping Animals

Silly wind-up fun with the owl, the dog, the cat, and their friends! Winding up the small wheels on the sides is as easy as child's play, and then the animals with wooden heads start jumping around in motion. They're brightly coloured and child-friendly little animals in a set of five for huge fun for young animal fans! approx. $4 \times 4 \times 5$ cm

for a set of 5

Optimal for re-dispatch at low freight charges: measurement outer carton max. 35 x 25 x 5 cm, weight under 500 g.

11746

Mini Kaleidoscope

Discover the world! With these colourful wooden kaleidoscopes in a set of 5, children can observe their surroundings in an extraordinary way. When looking through them, different patterns appear in dazzling colours. Whether on-the-go or at home, these prisms provide constant playtime fun for both young and old.

11747

Animals Mini-Compass

With these compasses in a set of 6, little explorers learn the cardinal directions and how to orientate themselves in nature. Each compass in the shape of a cute animal figure can be attached to a key ring or backpack thanks to the cord. This turns the walk into an exciting discovery tour!

Dancing Animals Africa

Now it's getting wiggly! Pushing the base of this toy causes these happy African animals to come to life. They can make lots of crazy movements, and no two movements are alike depending on how and where the base is pressed. It's huge wobbly fun for playing, collecting and gift-giving! Height approx. 11 cm;

Ø approx. 4.5 cm

3+ 100

The stable, green fabric covered table is ideal for ambitious young players or for occasional games. approx. 93 x 55 x 20 cm

Second Second

11278

9-in-1 Multifunctional Table

This game table is 9 times the fun! The playing surface can be switched out however one wants so that there are all kinds of playtime possibilities. Thanks to the short legs, this table can be easily set on top of a normal table. There are a total of five different play surfaces: a billiards surface with wooden cues and balls, a ping-pong surface with paddles and a ball, an air hockey/curling surface with a points slider for keeping score, a bowling lane and a game board with chess, checkers/draughts and backgammon. A card game rounds out this versatile games set. approx. 92 x 51 x 21 cm

5+

11279

4-in-1 Multifunctional Table

This multifunctional game table comes with four games! Thanks to its interchangeable game surfaces, it can be easily transformed from a billiards table to a ping-pong table, an air hockey table or a football table. The included cues are made of wood and can be chalked up with the included chalk. Two plastic paddles and a ball go with the ping-pong table. For the air hockey game, the score can be kept with the sliding points counter. approx. $79 \times 47 \times 80$ cm, playing height: approx. 79 cm

9878 Air Hockey

Set up the game on the table and let the game begin. The disc glides easily across the field lifted by the air blown up from below. A quick and exciting game for 2 persons. This game makes your heart beat faster, turns you into a nervous wreck, your hands become clammy — in a nutshell: IT'S ABSOLUTE MADNESS! approx. 108 x 52 x 24 cm

11774 Air Hockey Champion

Speed hockey is popular! With this compact air hockey table topper, you'll need skill and speed. A strong 12V blower pushes air upward through the numerous small holes which then allows the air hockey puck to glide smoothly over the game field. The felt bottoms of the pushers prevent the game surface from being scratched and the 220-240V power connection provides extra power! Approx. 76 x 39 x 9.5 cm

6705

Air Hockey Table

This air hockey table guarantees fast-paced games in a small space! A fan operated with eight AA batteries give the pucks lift, allowing them to zoom over the court! This game trains motor skills and hand-eye coordination perfectly and finely. Batteries not included.

approx. 57 x 31 x 10 cm

9913

Air Hockey Pro

Exciting and gripping matches are guaranteed with this Air Hockey! The puck is hovering over the court by rising air coming out of tiny holes in the surface. A good hand to eye coordination is required from all players. Ready, airy, GO!!!

approx. 160 x 76 x 80 cm, play height approx. 78 cm

Xylophone "Sound"

Children will gain their first experiences in the world of sounds with this brightly coloured xylophone made of FSC® 100%-certified wood. They will also be encouraged to keep trying out new melodies. The xylophone comes with a score, whereby the notes and the corresponding bars are marked in identical colours.

The mark of sponsible forestry

approx. 26 x 10.5 x 4.5 cm

10382

Guitar "Sound"

This guitar is an essential instrument in all music rooms! In white with small, colourful highlights, this jewel is a must for all young music lovers.

approx. 53 x 17 x 5.5 cm

11116 Piano "Sound"

It's going to get musical in the children's room. This colourful electronic wooden piano will draw everybody's attention thanks to the quality of its sound and its clear tones. The piano comes with a sheet of music for learning a piece of music, with the notes and the corresponding keys marked in identical colours. Batteries not included.

11508 Children's Drum "Sound"

With the two stable "drumheads" and the drumsticks made of solid wood, this many-coloured drum is the perfect addition for early musical education in the kindergarten or for the "orchestra" at home!

Drum height approx. 12 cm, Ø approx. 17 cm; Drumstick length: approx. 20 cm, Ø approx. 2 cm

Musical Bars "Sound"

Who can show off their sense of rhythm? With these musical bars made of robust, solid wood, young musicians can playfully learn their first rhythms and beats. With this, the wooden music bars in a cheerful "Sound" design contribute to children's early musical education. They are ideal for collective music-making in kindergartens, in schools or in the nursery. Approx. 18 cm, \emptyset ca. 1.5 cm

10385

Music Table "Sound"

This colourful music table encourages children to play music. Children can learn to play the musical scale and develop their sense of rhythm automatically. table approx. $44 \times 23 \times 25$ cm, racket length: approx. 20 cm, Ø approx. 1.5 cm playing height approx. 13 cm

11507

Musical Triangle "Sound"

Music and tones make you happy! This brightly coloured musical triangle made of wood offers children all kinds of possibilities on its three sides to make music and tones. Whether it's the rattle, the bells, the drum or the minixylophone, there's the right instrument for everyone here! It's a versatile "Sound" set that trains children's sense of hearing, noise distinction, fine motor skills and a sense of rhythm.

approx. $14 \times 14 \times 19$ cm, playing height approx. 24 cm

10383

Music Set "Sound"

This "Sound" set is ideal for a musical performance in the playroom. Six different instruments with individual sounds. With a rattle, bells, xylophone, tambourine and triangle, every member of the band will find the right instrument.

Xylophone: approx. 26 x 17 x 2 cm, egg: Length: approx. 7.5cm, Ø approx. 4.5 cm

169

Bells Carousel

Make music according to colours! This Bells Carousel with eight colour-coded bells provides dynamics in a child's early musical education. The wheel of bells tuned to the notes of C, D, E, F, G, A, B, and C can be either set on the stand or held in the hand. Individual tones can be played with the mallet - and whoever wants to play the whole scale can hold the mallet against the bells while the circle of bells turns. Incl. score with eight different songs. Bells Ring height approx. 7 cm, Ø approx. 15 cm; Mallet length: approx. 17 cm, Ø approx. 1.5 cm

11693 Handbells Set

Now here's something for your ears! These eight colour-coded bells with notes stickers are tuned to the notes of C, D, E, F, G, A, B, C. An included sheet of music with eight different songs guides young musicians, and is also suited for music beginners and younger children thanks to the depiction of the notes in various colours. It's a music set which promotes the development of rhythmic and acoustic skills as well as physicsl coordination.

Length approx. 13 cm, Ø approx. 7.5 cm

10725 **Guitar Little Fox**

Attention all musicians! You'll all be stars on the stage with this guitar with the fox design. You can really rock the children's room with it! арргох. 53 х 17 х 6.5 ст

Horse XL with Sound, brown

A children's horse, just like from the picture books! This brown riding horse is equipped with a cushioned, removable saddle. Young horseback riders can realistically imitate the saddling and riding. Just tie up the handkerchief and gallop off to the next adventure! A loud whinnying sound and clattering hooves are emitted when the ear is pressed. Batteries not included. Approx. 100 x 25 x 100 cm, Seat height approx. 75 cm;

Max. load capacity: 80 kg

11177

Standing Hobby Horse with Sound, brown

Children will immediately take this brown horse right to their hearts! With a seat height of 50 cm, children will be able to mount this horse in next to no time. Next, the reins and the stirrups have to be set perfectly and the first trip out of the "stall" can begin. For the optimal riding fun, there's even a lifelike whinny sound that's emitted when the horse's ear is pressed. Batteries not included.

Approx. 74 x 20 x 71 cm; Seat height 50 cm, max. load capacity approx. 35 kg

11178

Horse XL with Sound, black

Galloping away to the next adventure! This black riding horse with its cushioned, removable saddle and the cute, knotted handkerchief will enchant every young horseback rider immediately. By pressing on its ear, it makes a happy whinnying sound. This plush riding horse is a great roleplaying companion for children in the chldren room! Batteries not included. Approx. 100 x 25 x 100 cm, Seat height approx. 75 cm;

Max. load capacity: 80 kg

11176

Standing Horse with Sound, black

Riding fun is pre-programmed here! Its black coat feels as if it was just groomed and invites children to long hours of cuddling. When the horse's ear is pressed, a lifelike neighing sound comes out and raises the fun factor when riding. This cute horse comes equipped for the perfect trip with its stirrups and reins. Batteries not included.

approx. 74 x 20 x 71 cm; Seat height 50 cm, max. load capacity 35 kg

Toffee Rocking Horse

Go on a wild ride in the nursery! This cuddly soft rocking horse made of brown plush is equipped with wooden runners and a saddle with stirrups, halter, reins, mane and tail. For an extra realistic playtime experience, there are whinnying and galloping sounds that are played when a button in the ear is pressed. Batteries not included. Approx. 74 x 30 x 70 cm; seat height approx. 46 cm, max. load capacity 30 kg

4101 **Rocking Horse Shaggy**

Come on, we're going for a ride! "Shaggy" the cute rocking horse with a friendly face is wonderfully soft to the touch. When his ear is pressed, he emits whinny and galloping noises. The wooden frame and skids allow this horse to remain steady, even during the wildest rides, while the stirrups and saddle provide a secure seat. Batteries not included.

approx. 74 x 30 x 70 cm, seat height approx. 47 cm, max. load capacity 30 kg

11718 Hobbyhorse "Nico"

With sound and wheels. Batteries not included. Approx. 105 x 20 x 27 cm

3431 Wooden Shield Adam

A real knight needs a shield! Countless, conquering sword combats left rusty marks on the noble shield with its golden griffins and the red cross. Strong nylon slings for the arm provide a secure grip. approx. 36 x 29 x 0,5 cm

for a set of 2

5636

Dragon Costume

Rooooaaarr - Bring it on, Siegfried, I'll give you a snort! Whoever slips into this costume will turn directly into a dangerous dragon. The happy pattern on the soft fabric and the numerous impressive details provide a high fun factor while making the costume not too scary.

Size 18-24M - 2-3 Y

Crossbow compact

This wooden toy crossbow makes sure that not only the young ones, but also the old ones will have fun.

sport crossbow: approx. 33 x 2 x 12 cm,

5035

Sports Crossbow

With this play bow archery fun is completely safe, as this wooden cross-bow only shoots wooden arrows with suction pads.

sport crossbow: approx. 52 x 56 x 4 cm,

3922

Suitcase Indian Set

Wild, wild west! A metal case with a disguise for an Indian. A felt band with three colorful feathers makes for a stylish headdress. The bow and arrow fit into the felt pouch and the axe and knife are decorated with leather straps and beads. Indian necklace included.

10072

Wooden Crossbow, two-handed

Robin Hood would turn green with envy! All huntsmen are well-equipped with this cross-bow made of high-quality wood and 5 arrows. The arrow is placed in the rail and pulled back with the rubber ribbon. The red lever holds everything together and when it is released the arrow flies away! approx. $55 \times 52 \times 12$ cm

6743

Shooting Game Sports Bow Set

The size of 34 inches not only inspires experienced archers, but also wannabes. The six included arrows come to a maximum extension of 16 inches and they're 20 inches long. Target: approx. 42×42 cm, Bow: approx. $80 \times 14 \times 3.5$ cm

2605

Shooting Game Sports Bow Set, compact

Powerful bow made of rattan palm wood! Incl. target rest, six arrows and shooting instructions. Assorted colors.

Target: approx. 42 x 42 cm; bow: approx. 73 x 12 x 3,5 cm

11676 **Premium Car Park**

Parking, refuelling, washing, repairing - One car park, many possibilities! The two included toy cars can be parked on three different levels in this garage or zoom down the ramps in one go. Once filled up at the petrol pump or the electric charging station, inspected once more on the height-adjustable lifting platform, and a drive through the car wash with moving rollers, children's favourite sportster will shine like new! The car lift, controlled by a hand crank, brings the vehicles to the different car park levels. A locking mechanism and grooves in the floor ensure that the cars get up to their levels without to slide. The flexible rubber stop works also as a great catapult for the toy cars. The helicopter landing pad on the roof of the lift completes the playtime fun! Car park approx. 62 x 36 x 43 cm, cars approx. 6 x 3 x 2.5 cm

- Petrol pump station, electric car charging station and car wash with moving rollers
- Lift with locking grooves and heliport on the roof
- garage area with lifting platform
- foldable barriers, flexible rubber border, stable plastic ramps
- continuous driving of the cars from top to bottom possible
- Design without numbers and letters
- Incl. two toy cars and attachment points for on-ramps
- Compatible with commercially available railroad tracks and roads as well as model cars in 1:55/1:60 scale.

11736

Traffic Signs Set

Safety on the roads! These international traffic signs made of wood will bring order to the road and rail traffic in the nursery. The realistically designed street signs with sturdy bases not only regulate traffic in the play world - they also impart knowledge about important traffic safety rules in the sense of an early education about traffic. Comes with a double-sided traffic light which shows a red and a green phase. Stop sign approx. 4 x 3.5 x 11 cm; Traffic cone approx. 2.5 x 2.5 x 3.2 cm

25 parts

4777 Car Park "Rapid Descent"

Huge fun on three storeys. There's a lot going on in this wooden multi-storey car park. A stepless elevator with a crank drive takes the cars up so that they can dash down the ramps. The helipad offers space for a helicopter that is ready for any mission. A fuel dispenser is available for the necessary drive. Traffic lights and road signs get things in line.

approx. $35 \times 48 \times 38$ cm, helicopter $9 \times 2.5 \times 6$ cm

13 parts

10343 Parking garage "Business class"

Three exits, a crank lift and the wide road make this strong car park a real eye-catcher. The railway track runs through the car park and can be combined with conventional track brands. A wooden toy with long-term appeal, including 2 cars.

approx. 30 x 45 x 39 cm, car

approx. 8 x 3 x 4 cm

4222 Car Transporter

Attention, heavy loading here! In order to deliver new car models from A to B, you'll definitely need this strong car-transporter truck. It can load up to 4 cars. The wooden cars can comfortably drive up the loading dock. Folded up and equipped with a barrier, back-rolling is avoided. The trailer has to be connected with the truck and everything is prepared for a long and safe journey! approx. 34 x 8,5 x 13 cm

1 truck, 1 trailer, 4 cars

11182

Car Transporter Premium

The big trip is about to begin! This massive wooden car transporter has a lot to offer. The brightly coloured wooden cars drive into the immobilizers so that every vehicle stays in their proper place, even when the transporter abruptly brakes or starts moving. The moving, removable loading ramps can be easily driven down by the cars.

Car Transporter incl. trailer approx. 33 x 9 x 14 cm, cars approx. 8 x 3.5 x 4 cm

1 car transporter, 1 trailer, 4 cars

12013

Race Car Track incl. Play Set

This race track can be quickly assembled, and then the speedy W START drive with the three colourful wooden cars can begin. Four curved pieces, two straight road pieces, five pylons and a start/finish line comprise this race track. The petrol station with the removable fuel hose for pit stops completes this set made of wood. Road section approx. 22 x 10 x 0.5 cm; race cars арргох. 8.5 х 4 х 3.5 ст 3+ 16 parts

Only the best for the dolls, plush animals, and their friends! This modern wooden doll's pram makes a strong visual impression with its subtle, linear Scandinavian design and impresses customers with lots of storage room under the seat. Thanks to the hinged canopy, dolls and plush animals can ride with a view either forwards or backwards. The reversible, gender-neutral bed linens with an oversized blanket ensure that dolls and stuffed animals up to 46cm long are comfortable when on-the-go! Comes with quiet, rubber-finished wheels.

Doll's pram approx. 48 x 35 x 56 cm; Grip height approx. 50 cm

- 2-in-1: Can be used as a doll's pram with passengers facing forwards or backwards thanks to the foldable roof
- Practical storage space under the seat
- Silent-running wheels for quiet, safe riding and protection for sensitive indoor floors
- Stable construction despite its low weight
- Suitable for dolls and plush animals up to 46 cm long
- Rounded edges and visible solid wood elements
- Reversible, gender-neutral bed linens with oversized blanket

11812

Doll's Wardrobe "Little Button"

All the doll's clothes right at hand! This spacious wooden wardrobe impresses customers with its easy-open double doors, simple Scandinavian design, and subtle design elements! A clothes rail, insertable shelves, and a drawer provide the doll's clothes with orderliness. The multifunctional clothes hangers help to easily store small pieces with the help of an elastic band. Wider hangers can also fit inside thanks to the depth of the wardrobe.

- Easy-open double doors
- With clothes rail, insertable shelves, and drawer
- Incl. multifunctional clothes hangers with elastic bands - particularly suitable for storing smaller pieces such as shoes or handkerchiefs
- Rounded edges and visible solid wood elements
- Gender-neutral colour scheme

12024 Doll's Day Bed

Now it's getting comfy! This doll's bed can be transformed to a comfy sofa. The practical drawer can not only store the cute bed linens, but also can be used as a second sleeping spot.

Approx. 56 x 23 x 28 cm, play height 15 cm

11778 **Doll's Cot**

In this simply kept little cot, dolls and stuffed animals can sleep particularly well because they can't fall out. A mattress with soft padding as well as a blanket and pillow provide comfort, and the flippable bed linens with a print of small stars perfectly round out the design. Suitable for dolls up to 47 cm long. approx. 50 x 30 x 34 cm

12025 **Doll's Loft Bed with Desk**

A dream for every doll! This loft bed of wood with mirror, coloured bed linens, a built-in ladder and practical drawers offers optimal play opportunities and incredible storage space. And the highlight? Under the wooden bed, there's a desk with a cute doll's chair.

Approx. $60 \times 31 \times 60 \text{ cm}$, play height 50 cm

12023

Doll's Canopy Bed

A bed to dream of! This canopy bed made out of stable wood comes with a bed canopy made of lace garment and provides a cozy sleeping atmosphere. With the lovingly printed bed linens with a modern star design, every baby doll can make themselves super comfy here.

Approx. 56 x 29 x 51 cm, play height 8 cm

11213 **Doll's Wardrobe**

Organization is half the battle! This doll's wardrobe in a simple design impresses customers with its comfortable configuration. It allows young children to playfully keep everything in order, and the dolls' clothes can be hung on the integrated clothes hangers or laid on the shelves. The drawer which can be pulled out also offers space for select doll's items. This is how all their favorite outfits can stay right at hand and the fun can begin. approx. 40 x 22 x 50 cm

2857 Doll's Highchair

This simple wooden highchair will get dolls' hearts soaring! Painted white and decorated with a small heart cut-out, it's a stylish addition to one's doll accessories.

Wooden Laptop with Magnet Board

A wooden laptop for the little ones. The letters, punctuation marks, and numbers are magnetic and can be easily arranged to create a child's first words and math problems on the magnetic board. The chalk allows children to draw a few pictures and words on the "screen", and the little sponge wipes it all away. A modern wooden smartphone rounds out this great learning toy.

Laptop approx. 30 x 22 x 1.5 cm, Magnet approx. 2 x 2 x 0.5 cm

- Compact size easy to transport and perfect for on-the-go
- Incl. 2-in-1 magnetic chalkboard
- Incl. modern wooden smartphone
- Incl. chalk and small sponge
- This laptop is held closed with a magnet; the hinges make sure that the top half stays upright
- Ideal for learning numbers, letters, arithmetic, and words

3497

Blackboard Coloured Chalk

This nostalgic blackboard with coloured chalk and a sponge serves for small notes or for creative painting. It can be hung with the attached ribbon. approx. $33 \times 23 \times 1$ cm

11085

Blackboard Box Magnetic Letters and Numbers

Do you want to do arithmetic or writing? With the 2-in-1 function, everyone can find their favourite, because both are possible with this wooden blackboard box. The blackboard can be drawn and written on with different coloured chalk. Learning words and solving mathematical problems with the magnetic wooden pieces is child's play.

box approx. 24 x 24 x 3.5 cm, piece aprox. 2.5 x 2.5 x 0.5 cm

2-in-1 Chalkboard Table

A four-legged multi-talent! Whether used as a table, a chalkboard or a magnetic wall, this multifunctional toy will impress creative kids all over. The screw fittings allow this chalkboard table to be easily assembled and reassembled into the desired function. Writing utensils and drawing supplies can be kept in the storage space. Sponge, chalk, markers and magnets are included. Approx. 48 x 48 x 118 cm; folded up approx. 48 x 70 x 51 cm; play height 51 cm

10436

Chalk and Magnet Board

This writing board has different surfaces for chalk and felt-tips. It can also be used for magnets. The hook-on green box can be used for storage. The spacers on the legs are useful for a stable hold. Includes sponge, chalk, felt-tip and four magnets.
